I see R6 and R9 Gold King related projects. I assume we should we add those too?

2649	R6 Gold King Analytical	USEPA Region 6	18/11/2015 6:20:52 PM
2641	R6 Gold King Mine Blowout		

2640	R9 Gold King Mine Blowout	USEPA Region 9	7

Dudes,

We need to get the R9 San Juan River scribe projects into our removal subscription and added to SADIE_Goldkingmine. Please let me know if ERT need approval from R9. Copy Randy Nattis on your request to ERT.

Thanks John,

From the R9 perspective, we need to see the data for the San Juan River sampling locations, which all start SJ___. I don't see them in SADIE; are they there under a different name? If not, where can I get the San Juan data?

Cheers,

ned

Subject: SADIE Deployment - Gold King Mine ER

All,

A new version a SADIE specifically for the Gold King ER is now deployed. This version is integrated with the popups in the Gold King Ops viewer. Region 6 is still working on migrating a Region 8 widget that further integrates SADIE with the Ops viewer.

SADIE – Gold King Mine (the main project to use is Gold King Mine Blowout)

URL: https://r8.ercloud.org/sadie_GoldKingMine

Passwords for all projects: **Region08**

Gold King Ops Viewer
